OLD BUSINESS / NEW BUSINESS

German Village Society
Executive Director's Report
November 8, 2026

I. Organizational Development and Operations

a. **Preparing staff evaluations** in light of smart goals and associated metrics. Collecting testimonials from individuals who have used our services as well.
b. **Member Database** – Completed three demos. CRM work group moving toward a final decision this month to launch new CRM in March 2027.
c. **Property Database** – Using Airtable to launch a Property-focused CRM in January that will have attributes of public and private property. This can be embedded on our website and synced to the Auditor's office, too.
d. **Digital Front Door** – Working with staff to update website content over the holidays and how we communicate.

II. Tourism (through October 31, 2026):

a. 1,289 visitors across 560 groups. June, July, and August accounted for 643 visitors, or 49% of the total. October had 159 Visitors, with almost 1/3 being international.
b. 27% were from Ohio, followed by Pennsylvania, California, and Michigan.
c. Nearly 10.5% were international visitors, led by Germany, France, and China.
d. 22% discovered GVS through tourism-related research; 16% came through word of mouth; and 6% found us directly through our website.
e. 40% visited for general tourism purposes. 27% stopped in because they were visiting family and friends in the area. 22% came in because they were on a Midwest road trip.

III. Development Benchmarks

a. Working with Board President to host an event for our top membership holders in the Frank Fetch Circle – Archivist, Preservationist, and Caretaker levels.
b. Updates to the sponsorship booklet are well underway, with more tangible item sponsorships for platz events included.
c. I'll be using some content from the Mid-Year Report to deliver packets to current and prospective donors as we get to know more residents/landlords in our Village.
d. Two grant announcements in December: Submitted a $10,000 grant to the Columbus Foundation for sidewalk improvements and submitted a $10,000 matching advocacy to the Moe Family Foundation this week, rooted in municipal toolkit and economic outcomes study.

e. Received a $5,000 matching grant from Kadle-Shah Foundation of ahead Giving Tuesday to support Entertaining Archival Videos in partnership with CCAD 4-person student team.

Outreach / Engagement

f. Spoke at City Council Budget Hearing on November 19th in response to City staff urging us to speak to Council about being overwhelmed / understaffed – only to learn that the budget gap between frontline personnel (shortage driving overtime) is really only growing, creating impacts on operational and capital budgets.
g. Met with Founder / CEO of Columbus Underground to discuss how to better leverage news stories.
h. 2027 plans for working better with the City in light of City's ability to pursue infrastructure standard drawings as it chooses. There are MOU-type agreements modeled in other historic districts that we should strive to get to.
i. We are working on a deteriorated property advocacy strategy to include property owner outreach that will be reviewed by trustees through a legal lens.
j. 311 Night was really important because it enabled us to get a record of all 311s in the Village. I can filter on parcels, streets, types of requests, and who placed the request, giving us a strong connection to the community.

October 2026 Financial Summary

Board of Trustees
November 10, 2026

Character lives on.

Headlines

- **YTD net operating income is +$38K against a +$43K budget.**
  - In-Kind contributions continue to be tracked in a more disciplined and timely way, resulting in total revenues and expenses both materially exceeding budget and LY. The better comparisons exclude the in-kind activity.
  - Operating Revenues excluding in-kind total $480K vs. $508K budget (-$28K) and $462K last year (+$18K).
  - Operating Expenses excluding in-kind total $442K vs. $466K budget (-$24K) and $398K last year (+$44K, entirely from earlier in the year due to short staffing a year ago).
  - The net $5K shortfall to budgeted operating income compares to -$13K as of September month-end.

- **Event updates:**
  - Oktoberfest was very successful and is expected to net ~$14K versus $4K last year and $8K as budgeted.
  - MonsterBash net income was within $1K of LY but down to budget by ~$11K.

- **Our asset base of ~$1.9M is up $203K to last year, and cash is in good shape.**
  - Operating cash totals $137K compared to $140K as of last year 10/31. There's also ~$92K in Operations funds in CDs.
  - Total cash, including designated/restricted funds, is $1.47M, +$173K to LY.

Revenues excl. In-Kind	***$462,130***	***$508,171***	***$479,780***	***$17,651***	***($28,391)***

NOTE: The January 2025 deposit of a $10,000 rental check from the 2024 GV Farmer's Market Platz rental has been adjusted out of the LY numbers for better comparability. There is also $5K+ of sponsorships rolling into Admissions & Ticket Sales related to support paid through the website for the Oktoberfest sign.

- TOTAL revenue shows a large pickup to both budget (+$50K) and LY (+$97K) due to more rigorous and timely booking of in-kind income versus prior years.
- Excluding in-kind activity, YTD revenues +$18K to LY but ($28K) below the budget (both are $3K better then YTD through September).
- Versus last year, event revenue growth is more than offsetting the reported drop in membership revenues.
- The miss to budget largely reflects Membership Dues, $14K shortfall from HGT, and not hitting budgeted growth in Contributions, offset by $27K of pickups from other events/sponsorships.

Expenses – YTD October

- Overall expenses continue to be well managed against our budget.
- TOTAL expenses appear to be way up to LY and budget due to the more complete and timely recording if in-kind activities.
- Excluding in-kind, expenses are +$44K to LY, driven by full staffing as well as event, R&M, and administrative expenses. The entire $44K increase to LY was in Q1+April. We've run FLAT since then.
- Against our budget, expenses (excluding in-kind) are DOWN $24K, driven by staffing/salaries and lower bank/transaction fees.
- OTHER NOTES:
  - Repair & Maintenance will likely continue to run high due plumbing, elevator, and other building needs. Preventive maintenance investments starting in 2027 should be covered by planned transfers from Designated funds.
  - Printing & Postage is up to budget and LY due to the new/annual Sponsorship Booklet + increase in MaiFest investment. But total admin expenses are right on budget in total.

- MonsterBash netted ~$32K of net operating income, slightly down to LY and -$11K to budget.
- Still some accounting clean-up and geography adjustments to make (DJ and dumpster rental not shown in QB Events recap, need to reconcile In-Kind).
- Sponsorships grew vs. LY but were ~$3K short of budget.
- We did not implement ticket price increase for non-members as contemplated following last year's event.

Balance Sheet Summary

- Operating cash totals $137K as of October 31 against $141K last year. Total cash, including board designated and permanently-restricted funds, is $1.47M, up $173K to last year. Total assets of $1.9M are +$203K to LY. Recommendation forthcoming re: designation of excess operating cash in conjunction with 2027 budget review.
- Building & Maintenance cash fund includes funds approved by the Board not yet disbursed related to Meeting Haus roof replacement and security upgrades. Leasehold Improvements reflect $59K total cost of roof replacement + spend to date on VC, Scheurer Room improvements, new elevator boards.
- VC Renovation fund now totals $132K. $20,420 has been disbursed to date. $65,500 in pledged funds not yet received as of 10/31 is NOT yet reflected in the $132K.

- HGT 2026 was budgeted flat to LY's net income of ~$170K. (Note LY was a major jump from 2024's $134K.)
- Revenues from Pre-Tour and Tour tickets were off to plan and LY, but advertising and sponsorship revenue increases helped offset those drops.
- In-Kind revenues and expenses reflects much more accurate tracking, in line with tighter policy adherence and requirements from our audit partners.
- Total net income of ~$156K was ~$14K below plan/LY (-6.5%).

- Very successful outcome against both budget and last year!
- Still some accounting clean-up and geography adjustments to make. Revenues + Food/Beverage.
- Results are presented here on a cash basis. Need to work with ASO to take the $4,784 cost of the arch sign and shift it to a fixed asset with depreciation instead of treating it as an expense. Would add ~$4K to the net income result.

Jeff Lamb | Monster Bash 2026 Chair

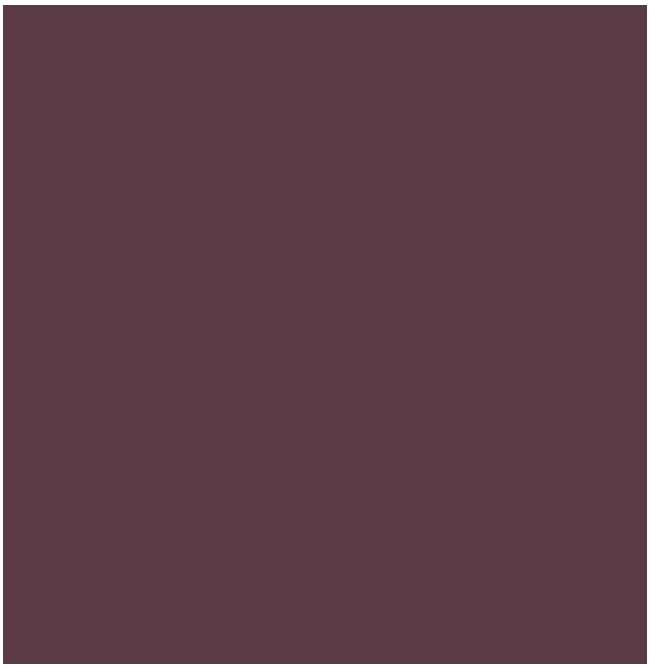

Monster Bash 2026 Is In The Books!

There are 2 criteria I use for judging monster Bash Success:

1) Did we sell out? (YES!)

2) Did we set ourselves up to sell out next year? (YES!)

Huge shout out to Andrew Ford, my co-chair, aka ""King George"" for all his efforts. Especially with host houses. Without him and the host houses, Monster Bash doesn't even happen! Rachel does a TON of work and puts up with a lot from Andrew and me. Thank you Rachel! No Taxation Without Libation!!

Jeff Lamb | Technology Chair

Meeting was Tuesday Nov 3.
We need to find a different logistical approach to meeting in person as our favorite beer taps have decided to be closed on Tuesdays now.

Discussed a problem with the package system and potentially moving that to an AI generated web app.

Discussed the replacement software system Courtney is driving and affirmed that she seems to be on a great path for that.

Mary Connolly Ross | Visitor Center Renovations Chair

Visitor Center
11-10-2026

The contract from Sullivan Builders for the construction part of the Visitor Center renovation has been approved by the GVEC to be voted on during the 11/10/26 Board meeting.

When this happens, our project will be scheduled to begin construction sometime in January. Barring any unforeseen issues It will take approximately 10-12 weeks for completion.

Tyler Mason | Brick Sidewalk Committee Chair
November 2026

Year to date in 2026, the Brick Sidewalk Incentive Grant Program has awarded 8 grants totaling $6,800.

- 4 grants supported brick-to-brick sidewalk replacements
- 4 grants supported concrete-to-brick conversions

The program continues to support both the preservation of existing historic brick sidewalks and the conversion of concrete sidewalks back to brick, helping preserve the unique character of German Village while keeping our neighborhood beautiful, walkable, and safe for residents and visitors.

Michael Cornelis | Parking Committee Chair

Our work continues on our “parking spaces lost” mapping study. We are so pleased to learn this week that our new intern Thomas Hubbard will be joining us for the study work. Welcome Thomas!

Historic Preservation and Advocacy Committee

October 2026 Board of Trustees Report

German Village Society | October 26, 2026 Committee Meeting

Staff reported two grant applications: a matching grant for an advocacy toolkit and a $10,000 grant to support the sidewalk fund. The committee also reviewed City service constraints, deteriorating properties and tree planting.

Historic Preservation

Staff are developing a procedure for earlier intervention at deteriorating properties using enforcement records, archival research, photos and neighbor observations. Staff requested City Attorney records for 788 S. Fifth Street and 147–157 Thurman Avenue. The Fifth Street judgment terms and next hearing date need confirmation. A November 9 hearing was reported for Thurman. At 527 City Park Avenue, members discussed documenting overgrowth and approaching the owner. Public outreach and a revolving loan fund were exploratory.

The October agenda listed eight completed sidewalks, matching the 2025 total. At the meeting, the chair reported a Third Street concrete-to-brick project nearing completion and another project under construction on Fifth Street. Staff and volunteers reviewed the recovered 2021 sidewalk survey as a baseline for tracking repairs, conversions, curb conditions and accessible ramps. Staff proposed a shared database that could also hold tree information and make selected records available through the GVS website.

Staff will seek a fuller update on the City's preservation modernization work with Quinn Evans. About 50 responses to the certificate of appropriateness survey raised concerns including delays, contractor availability and unclear requirements. Staff will seek more contractor input and share findings with City contacts. Staff visited the Zone In Phase II Public Gallery and asked how the City would serve anticipated growth. Public comment closed October 24.

Advocacy

The October 6 311 Night highlighted the distinction between routing a service request and resolving it through the responsible department. Staff reported that sanitation accounted for 62 percent of German Village 311 calls in the first half of 2026 and plan to request full-year data at year-end. Staff also raised neighborhood service needs at a City Council budget presentation and discussed building relationships with state and federal representatives after the election, with more focused outreach in early 2027.

Lost parking space mapping continued, with possible intern support. Members raised concerns about inconsistent ADA ramp treatments, bright concrete and the status of cheek-wall corrections. Staff are seeking a comprehensive update on Columbia Gas work and restoration. Members also raised homeowner consultation and oversight of meter placement. Specific repair and restoration schedules remain to be confirmed.

Tree Canopy volunteers compiled potential sites and tree sizes. A written agreement with the City is being explored to clarify how planting in the public right of way would work, including approvals, cost sharing and initial care. The committee discussed resident outreach, a planting and care FAQ, and a tentative goal of about 25 trees by spring. Any proposed agreement would come to the trustees for approval.

Recruitment and Leadership

Two German Village Commission seats expire in June 2027. Members were encouraged to identify potential candidates, and the chair reported that a survey would seek interest in committee leadership. The chair also raised restoration of historic gaslights as a possible future project. The discussion was exploratory.

German Village Business Community Report | November 2026

Robert Caplin, Chair | Meeting held November 3, 2026

Membership Growth & Recruitment

GVBC is moving forward with its membership recruitment initiative following Board approval to restore the official German Village map as an exclusive benefit for current GVBC members beginning in 2027.

The committee reviewed its finalized recruitment materials and discussed a coordinated outreach campaign targeting current members, nonmember businesses appearing on the map, and other prospective neighborhood businesses. The mailing will include the current map, membership information and a reminder of the upcoming membership requirement. Members are also encouraged to conduct personal outreach.

The membership requirement for Village Lights promotional materials has already proven effective, with three businesses recently joining GVBC specifically to participate.

Visitors Center Investment

The committee discussed opportunities to invest a portion of its approximately $70,000 in designated funds toward the upcoming Visitors Center renovation.

Members voted to support an investment of up to $10,000, subject to further discussion of the specific use of funds and opportunities for ongoing GVBC visibility.

Potential elements include sponsorship of the new wooden neighborhood map, dedicated space for business literature, digital promotion of member businesses, and integration with the planned interactive visitor map. The committee also expressed interest in considering additional investments as the space's needs become clearer, including livestreaming and recording equipment to support educational programming and community events.

The committee will continue coordinating with the Visitors Center project team to identify specific opportunities and benefits before finalizing the investment.

Village Lights & Holiday Promotions

GVBC is preparing for Village Lights on December 6, with a November 16 deadline for member businesses to submit participation information.

The committee is organizing a holiday gift basket promotion encouraging visitors to shop at multiple neighborhood businesses between Black Friday and Village Lights. Members are contributing merchandise and gift certificates, with a November 18 contribution deadline.

GVBC also discussed supporting reusable luminaries along South Third Street to enhance the event atmosphere and establish a sustainable annual tradition.

Additionally, Saint Mary School introduced its Holiday Hunt, a neighborhood scavenger hunt involving local businesses from November 22 through December 6. GVBC is helping share the opportunity with interested businesses.

Member Engagement & Future Initiatives

The committee continues seeking a host for its next quarterly Meet & Mingle networking event.

Additional discussions included opportunities to coordinate social media promotion among member businesses, collaborate with the German Village Garten Club on seasonal decorating recognition, and potentially take a greater organizational role in the neighborhood gnome initiative.

Looking Ahead

Priorities for the coming month include launching the membership outreach campaign, finalizing Village Lights participation and promotions, identifying a Meet & Mingle host, and developing a more specific Visitors Center investment proposal.

Next GVBC Meeting: December 1, 2026.

YOUR BUSINESS IS PART OF GERMAN VILLAGE

Be part of its business community

The German Village Business Community (GVBC) brings together the businesses, organizations, and people that help make our neighborhood one of Columbus' most distinctive destinations.

GVBC is growing, and we'd love for you to be part of it. Together, we're building connections, supporting local businesses, attracting visitors, and helping preserve the neighborhood that makes German Village such a special place to do business.

Beginning with the 2027 edition, inclusion on the official German Village map will once again be a GVBC membership benefit.

2027

Strong businesses. A preserved neighborhood. One community.

The map reaches residents and visitors throughout German Village and beyond and helps connect them directly with neighborhood shops, restaurants, services and organizations.

German Village Society
Preserve. Protect. Promote.

Dear German Village Business Owner,

German Village businesses are an important part of what makes our neighborhood one of Columbus's most distinctive destinations. The German Village Business Community (GVBC) connects local businesses, encourages collaboration, and supports the German Village Society's mission of preserving and strengthening our historic neighborhood.

The German Village Society Board of Trustees has approved returning the official German Village map to a GVBC membership benefit beginning with the 2027 edition. Only current GVBC member businesses will be included on future maps. Over the past several years, we expanded the map to include nonmember businesses in response to COVID-related challenges. We're providing advance notice so every business currently represented has the opportunity to join and maintain its listing.

The enclosed map is distributed throughout German Village, the Visitors Center, and other visitor locations, helping residents and visitors discover local businesses. New editions are published twice annually.

Membership offers much more than inclusion on the map. GVBC provides opportunities to connect with fellow business owners, build referrals, collaborate on marketing and tourism initiatives, participate in neighborhood events, and support the long-term vitality of German Village.

Our business community continues to grow, with renewed focus on strengthening member benefits, increasing participation, and creating opportunities for collaboration. Now is a great time to get involved.

We also invite you to attend our monthly GVBC meetings, held on the first Tuesday of each month at 9:00 a.m. at the German Village Meeting Haus. Come meet fellow business owners, share ideas, and stay informed about neighborhood developments.

Membership begins at just $100 annually.
